

# WHAT IS MORE DEADLY?

**Sharks** kill an average of 10 people a year

**Hotdogs**

70 people/year

**Ants**

30 people/year

**Texting**  
6000 people/year

You

**Elephants**  
600 people/year

On the other hand, human activity has caused a **70-90% decrease** in shark populations. **Fisheries kill about 100 million sharks per year.**

**70-90% decline**
